ROSS APPENZELLER, MBA

MANAGER

Ross Appenzeller joined Bartlett, Pringle & Wolf, LLP in 2003. He is a manager for the firm's consulting team and a Certified Professional on the Microsoft Business Solutions product line. His heightened technical skills and extensive knowledge of the Microsoft software platform are an invaluable resource to clients.

He is involved in the implementation and support of Microsoft Dynamics GP, the leading accounting ERP solution for mid-sized businesses. Ross works closely with a variety of businesses and has developed an expertise in providing core financial solutions to the Credit Union industry.

Ross graduated from Youngstown State University with a Bachelor of Science in Business Administration and received his Master in Business Administration from American Intercontinental University.

Ross currently lives in Goodyear, Arizona with his family. He is very interested in the stock market and enjoys studying trends in stocks, bonds and foreign security markets. In his free time, he also enjoys reading books and watching movies.
